## GREETINGS FROM THE PASTOR...

*From Pastor Jami Possinger*

The amount of goods a family can accumulate over 30 years living in the same house can be overwhelming. And that is what Mitch and I have been grappling with as we prepared to leave the home in which we raised three children and move into an apartment. Figuring out how to squeeze the contents of a house into a two-bedroom unit has taken lots of our time in recent months. On top of that it seems that every time our children finished a year in college – they dumped their stuff in our basement and it never left again! We found eight-year-old bottles of shampoo and other toiletries neatly stacked in boxes!

“We’ll get through this – that’s what I tell myself several times every day.” Downsizing is hard because it is emotionally difficult for us to let go of our history and our memories. It’s the worst anxiety associated with any move. But once you get started – once you realize that the memories are not tied to a house – they are tied to you – well, it’s a whole lot easier getting rid of STUFF.

Just for one moment think about your life. What memories stand out? The number of toys you owned or the family and friends that you shared those special toys with? The kind of car you drove or the people who shared the ride with you? The places you lived or the people you lived with? Chances are good that it was the people and the experiences that made life memorable and enjoyable – not the stuff. Mitch and I have become very aware of that insight.

So... as I write this article, my car is filled with the last remnants of our home in Schnecksville. And I feel so blessed to have had 30 years in a home filled with laughter and joy, 30 years to have lived in a neighborhood that helped to form my children, 30 years to have shared all of this with the person who will always be the light of my life – my husband, Mitch.

Now we move on to a new chapter in our lives and we are both looking forward to a simpler life and not as many things about which to worry. Although

we will miss what we’ve known for so many years – we are looking forward to new opportunities and making new memories. So – I leave you with this story...

In ancient times, a king had a boulder placed on a roadway. Then he hid himself and watched to see if anyone would remove the huge rock. Some of the king’s wealthiest merchants and courtiers came by and simply walked around it. Many loudly blamed the king for not keeping the roads clear – but none did anything about getting the big stone out of the way. Then a peasant came along carrying a load of vegetables. On approaching the boulder, the peasant laid down his burden and tried to move the stone to the side of the road. After much pushing and straining, he finally succeeded. As the peasant picked up his load of vegetables, he noticed a purse lying in the road where the boulder had been. The purse contained many gold coins and a note from the king indicating that the gold was for the person who removed the boulder from the roadway. The peasant learned what many others never understand – things that seem to be challenging often present an opportunity.

*God’s Blessings,  
Pastor Jami*

## **PASTOR BRIAN'S PREPONDERANT BUSINESS**

This month I am writing about the spirituality of fun! Especially now that it's summer, I am reminded of what a gift it is to be alive. And while there inevitably will be suffering in life and suffering can help us grow, we were created to experience fun, peace, and joy. God created the world to share the goodness of existence with God's creatures, and invites us to experience the tremendous enjoyment it is to simply be alive.

I'm not saying to seek pleasure at the expense of doing the right thing or to avoid our responsibility to love our neighbors. What I am saying is that being attentive to the simple pleasures of life deepens our spirituality and helps us grow closer to God. It is God's purpose for us to enjoy the simplicity and peace and joy that comes when we center ourselves and appreciate what a gift it is to be alive.

This summer I'll be going to the beach and I imagine many of you will too. Be present when you are there. Free yourself to encounter glimpses of the contemplative mind as you lay in the sand and think of nothing in particular. Allow the majestic sound of the waves to wash through your consciousness. Let the beams of sun warm your soul. And enjoy the peaceful stillness found in one of nature's most delightful settings. Practice that same attitude of surrender and enjoyment when you're sitting at home. Set out a picnic blanket and read a book in the open air. Watch a sunset. Go for a walk. Breathe in the gentle summer breeze. Allow the peace of God to reach your depths no matter where you are.

And don't miss out on opportunities for joy and excitement either. Laugh. Play. Dance. Be joyous. Watch kids play soccer or baseball — or play yourself! Take advantage of opportunities to feel the exuberance and joy of life. Even if you're not physically capable of getting outside and running around, you can practice your spirituality by finding joy in whatever you do — listen to music, share stories with family, laugh with friends. Discover how great joy is found in relationships.

Be intentional about creating spaces for fun and release yourself into the freedom of playing like a child and laughing like there's no tomorrow. Pray that you may experience the peace of God and the joy of being. Even in times that aren't particularly fun, seek the pleasure, the humor, and the joy hidden behind the mundane.

Blessings to you this month as you let your enjoyment of life be your spiritual practice!

*With peace and joy,  
Pastor Brian*

## COUNCIL HIGHLIGHTS – JUNE 2017

- ⚓ Calling all members who were at Hope when the building was built. We are trying to find the name of the company who did the steeple. Currently, the steeple has some cracks in it and is in need of repair. If you know who the company might be please call the church office.
- ⚓ Council is considering a request from an organization called Family Promise to host homeless families (no more than 14 people) for one week – four times per year. Churches that agree to host provide breakfast and a bag lunch as well as dinner and sleeping accommodations (cots for the people to sleep on are provided by Family Promise). The congregations commit to having members stay overnight. During the day the families are taken by Family Promise to their day center where the children attend their normal school and parents apply for jobs / attend skills training programs. This is a transition program for the families – designed to move them into housing within three months. Even as council continues to review materials about this program, they will be providing information to the congregation to see if there is enough interest/support for such an endeavor.
- ⚓ The council approved a proposal from Meisner Services to replace the AC unit in Hanson Hall sometime this summer or early fall. Last summer this unit had to be serviced three times and it was recommended to us that we replace it soon. This is a capital improvement and will be paid for from the Building Fund. Council reminds members to use their building fund envelopes to help support major projects like this one.
- ⚓ The Social Ministry Committee will again host the Senior Birthday Party on Saturday, August 12<sup>th</sup>. A sign-up sheet is on the bulletin board for members to reserve their spot!

**VETERANS** – Bible School is looking for a few veterans (active duty, retired, reserves) to hand out flags to our Bible School students as they enter the church on Tuesday, July 11<sup>th</sup> from 8:30-9:10am. We ask that you please wear or bring your uniform as well. If you can help, please call the church office at 610-767-7203.

**WELLNESS TEAM**

**What is Juvenile Arthritis?**

Children can get arthritis just like adults. Arthritis is caused by inflammation of the joints. It causes pain, swelling, stiffness, and loss of motion. Juvenile arthritis is the term used to describe arthritis in children. The most common type that children get is juvenile idiopathic arthritis (idiopathic means "from unknown causes"). There are several other forms of arthritis affecting children.

Juvenile arthritis affects children of all ages and ethnic backgrounds. About 294,000 American children under age 18 have arthritis or other rheumatic conditions.

Juvenile arthritis is usually an autoimmune disorder. As a rule, the immune system helps fight off harmful bacteria and viruses. But in an autoimmune disorder, the immune system attacks some of the body's healthy cells and tissues. Scientists think it's a two-step process in children: something in a child's genes (passed from parents to children) makes the child more likely to get arthritis, and something like a virus then sets off the arthritis.

Please see more information on our monthly poster.

	<p>The next Blood Pressure Screening by the Wellness Team is on Sunday July 9<sup>th</sup> following worship in the conference room.</p>

The sale brought in a total of \$547.00. The money will go to purchase a couple new picnic coolers, an electric frying pan, a double boiler, and an insulated beverage container. The rest of the money will go to the building fund.

Thank you again for all your donations and purchases to make the jewelry sale a great success this year.
